

## EXPLANATION OF TABLE

The following data were used in April 2006 to determine which countries should be studied. In the country reports, data at least through January 2007 were integrated.

<b>A World Bank Institute Governance Indicators 1998-2004</b>		
Column 1	Voice and Accountability	Range 0-100 (Lower value indicates weak voice and accountability; higher value indicates strong voice and account)
Column 2	Political Stability and Absence of Violence	Range 0-100 (Lower value indicates weak political stability and high violence; higher value indicates opposite)
Column 3	Government Effectiveness	Range 0-100 (Lower value indicates weak government effectiveness; higher value indicates strong govt. effectiveness)
Column 4	Regulatory Quality	Range 0-100 (Lower value indicates weak regulatory quality; higher value indicates strong regulatory quality)
Column 5	Rule of Law	Range 0-100 (Lower value indicates weak rule of law; higher value indicates strong rule of law)
Column 6	Control of Corruption	Range 0-100 (Lower value indicates weak control of corruption; higher value indicates strong control of corruption)
<b>B Freedom in the World 2006</b>		
Column 1	Political Rights	Range 1-7 (Lower value indicates good system of political rights; higher value indicates bad system political rights)
Column 2	Civil Liberties	Range 1-7 (Lower value indicates good system of civil liberties; higher value indicates bad system civil liberties)
Column 3	Statute	3 Categories: F (Free); PF (Partly Free); NF (Not Free) / (*) Indicates electoral system
<b>C Freedom of the Press 2005</b>		
Column	Total Score	Range 0-100 (Lower value indicates total free press; higher value indicates less freedom) / 3 Categories: F (Free); PF (Partly Free); NF (Not Free)
<b>D Nations in Transit 2006</b>		
Column 1	Electoral Process	Range 1-7 (Lower value indicates strong electoral process; higher value indicates weak electoral process)
Column 2	Civil Society	Range 1-7 (Lower value indicates strong civil society; higher value indicates weak civil society)
Column 3	Independent Media	Range 1-7 (Lower value indicates strong independent media; higher value indicates weak independent media)
Column 4	National Democratic Governance	Range 1-7 (Lower value indicates strong democratic governance; higher value indicates weak democratic governance)
Column 5	Judicial Framework and Independence	Range 1-7 (Lower value indicates strong and independent judiciary; higher value indicates weak and corrupt judiciary)
Column 6	Corruption	Range 1-7 (Lower value indicates low level of corruption; higher value indicates high level of corruption)
<b>E Countries at Crossroads 2005</b>		
Column 1	Civil Liberties	Range 0-7 (Lower value indicates weak civil liberties; higher value indicates strong civil liberties)
Column 2	Rule of Law	Range 0-7 (Lower value indicates weak rule of law; higher value indicates strong rule of law)
Column 3	Anticorruption and Transparency	Range 0-7 (Lower value indicates weak anticorruption and transparency; higher value indicates strong a-c and transp.)
Column 4	Accountability and Public Voice	Range 0-7 (Lower value indicates weak accountability and public voice; higher value indicates strong acc. and p.v.)
<b>F Bertelsmann Transformation Index 2006</b>		
Column	Political Transformation	Range 0-10 (Lower value indicates negative democratic development; higher value indicates positive democratic development) / Arrow shows trend in democratic development (↑Improved; ↓Worsened)
<b>G Corruption Perceptions Index 2006</b>		
Column	Total Score	Range 0-10 (lower value indicates high corruption; higher value indicates lower values of corruption)
<b>H Previous Record of Participation in CD Ministerials</b>		
Column 1	Warsaw 2000	4 Categories: NI (Not Invited); I (Invited); O (Observer); P (Participant)
Column 2	Seoul 2002	4 Categories: NI (Not Invited); I (Invited); O (Observer); P (Participant)
Column 3	Santiago 2005	4 Categories: NI (Not Invited); I (Invited); O (Observer); P (Participant) / Arrow shows progression in invitation (↑Improved; ↓Worsened)
